Sen. Dianne Feinstein (D-CA): Brent Maier coordinated and participated in a call held today along with Water Division’s David W. Smith and Los Angeles Regional Water Quality Control Board’s Sam Unger, Executive Officer, Deborah Smith, Chief Deputy Executive Officer and Renee Purdy, Section Chief of Regional Programs and Rob Egel, Legislative Director with State Water Resources Control Board with Sen. Feinstein natural resources staffer, Alexis Segal, to discuss the Los Angeles MS4 Permit. This call was set up to follow up on a request that Alexis Segal had in a recent conversation with Acting RA Alexis Strauss.

Rep. Barbara Lee (D-CA-13): Brent Maier received a follow up inquiry from Emma Mehrabi, Sr. Legislative Assistant regarding our media alert sent out yesterday for Thursday’s Green Business Event. Ms. Mehrabi wanted to know if the non-profit is the only entity receiving money, and if so, how that funding is dispersed. Brent followed up with Land Division’s Timonie Hood and Jessica Arnold-Counts and shared responses with Ms. Mehrabi the non-profit is the only entity receiving funding. The California Air Resources Board (CARB) is the State Agency grant recipient and distributes the funding to Ecology Action (Fiscal Agent & partner) which pays for a limited amount of staff time to provide technical assistance to help Cities/Counties start Green Business Programs. The technical assistance includes helping them to seek other funding to support their programs to continue once they become a part of the network. In addition, we received word that Tasion Kwamilele, Communications Manager, in the Congresswoman’s Oakland District Office will be attending the event on Thursday.

Congressional and State-Elected and Local Official Outreach on Solid Waste Removal at Fruitland Magnesium Fire Site in Maywood: Brent Maier shared today’s new brief with Congressional staff in the offices of Senators Barbara Boxer and Dianne Feinstein and State-elected and local officials announcing in English and Spanish that EPA began work this week with the California Department of Resources Recycling and Recovery (CalRecycle) to identify and remove solid waste at the Fruitland Magnesium Fire Incident site in Maywood, Calif.

In addition to these meetings, EPA will be attending a Tribal Membership Meeting being hosted by the Southern Ute Indian Tribe’s Environmental Programs Division on Wednesday, Nov. 16, at 6:30 pm. This meeting is open to Tribal members only. EPA will also be participating in an informational meeting at the Shiprock Chapter House in Shiprock, NM, on Thursday, Nov. 17, from 4:30 – 6:30 pm. This meeting is for New Mexico residents and Navajo Nation Tribal members. It is being organized by EPA Regions VI, VIII, and IX.

The EPA revised both the health-based and welfare-based standards for ozone on October 1, 2015.

Rep. Kevin McCarthy (R-CA-23): Water Division’s Mike Montgomery was contacted by e-mail by Kyle Lombardi, Legislative Director, House Majority Leader Kevin McCarthy regarding exempt aquifer applications and wanted to know how many application packages EPA has officially received from DOGGR/the State Board for final EPA review. Mike let Kyle know that we have received to date just one application from the State and let him know that EPA met with industry last week. Mike also asked Kyle to follow up with Brent Maier if he would like to set up a call to discuss further. Kyle Lombardi requested a follow up call and Brent Maier has sent a calendar invite for a call for next Thursday, November 10th and is awaiting confirmation back from Kyle Lombardi as to his availability.
